Dear Mr. Shiley,

The following is in response to your recent inquiry and is applicable to the products in Appendix A.

ASTM F963-96A (EN71 Part 3) Consumer Safety Specification on Toy Safety

This product is formulated from ingredients whose chemistry excludes antimony, arsenic, barium, cadmium, chromium, lead, mercury, and selenium. However, like all synthetic and naturally occurring chemical substances, raw materials as received from our suppliers may conceivably contain trace amounts of these metals. We can therefore certify that this product meets the requirements specified in ASTM F-963-96a and EN-71 Part 3, as listed in the below Table 1.

Table 1: ASTM F963 and EN-71 Metals

Metal	EN-71	F-963	uom
Soluble Antimony (Sb)	60	60	ppm
Soluble Arsenic (As)	25	25	ppm
Soluble Barium (Ba)	250	500	ppm
Soluble Cadmium (Cd)	50	75	ppm
Soluble Chromium (Cr)	25	60	ppm
Soluble Lead (Pb)	90	90	ppm
Soluble Mercury (Hg)	25	60	ppm
Soluble Selenium (Se)	100	500	ppm

16 CFR 1303: Ban of Lead-Containing Paint & Certain Consumer Products

Based on the ASTM F-963-95 limit for lead, which is more restrictive than the 0.06% by weight limit in 16 CFR 1303, INX certifies that the ink products supplied to your facility comply with the Consumer Product Safety Act for Total Lead Content as specified in 16 CFR 1303. INX random sampling provided to third-party certified labs to analyze composite lead levels have consistently been either BDL (Below Detectable Level) or < 10 ppm (mg/kg), which the laboratory states as typical background levels.

This certification releases INX International Ink Co. from any liability once the product has been removed from its original packaging or has been handled in any manner that alters its original state. Please contact me if you need additional information with regard to this request.

Sincerely,
Amanda Roberts
EHS Product Steward

Appendix A – List of items reviewed

1172802	HWO COLORTRAC CS BLACK
1172803	HWO COLORTRAC CS CYAN
1172804	HWO COLORTRAC CS MAGENTA
1172805	HWO COLORTRAC CS YELLOW
1190713	HWO BLACK COLORTRAC CG 6-2545
1190714	HWO CYAN COLORTAC CG 6-2544
1190715	HWO MAGENTA COLORTRAC CG 6-2543
1190716	HWO YELLOW COLORTRAC CG 6-2542
1224333	PROCURE UV5000-4 EPI COATING
1231225	INXSCREEN RS SILICONE 0.5-1.0%
1237525	HWO COLORTRAC SSR PROCESS BLACK
1237528	HWO COLORTRAC SSR PROCESS YELLOW
