## ***January 2018 Price Change Information***

The January 2018 Price Change goes into effect on Sunday, January 21, 2018.

### **Current Prices**

Completed mailings verified and **paid for before Sunday, January 21, 2018**, using the current prices, will be accepted at USPS origin and destination entry postal facilities through **Monday, February 5, 2018**, when presented using eInduction® or eVS® processes or with appropriate verification and payment documentation (PS Form 8125 or PS Form 8017). Mailings falling into this category can use Mail.Dat versions 15-1, 17-1 or 17-2.

### **New Prices**

Mailings paid for **on or after Sunday, January 21, 2018** must pay **new prices**. Entry at USPS origin and destination entry postal facilities are governed by presort labelling list restriction dates -- and must be presented using eInduction® or eVS® processes or with appropriate verification and payment documentation (PS Form 8125 or PS Form 8017). Mailings falling into this category can use Mail.Dat versions 17-1 or 17-2 only.

As an option, completed mailings may be verified and paid for **beginning January 7, 2018**, using the **new prices**, provided that entry at origin and destination entry postal facilities are not deposited **before January 21, 2018**, when presented using eInduction or eVS processes or with appropriate verification and payment documentation (PS Form 8125 or PS Form 8017). Mailings falling into this category can use Mail.Dat versions 15-1, 17-1 or 17-2 prior to January 21, 2018.

### **Hybrid Mailings**

Mailings with manufacturing schedules that span before and after **January 21, 2018** can be adjusted to allow payment using current and new prices. This adjustment can be accomplished by subdividing the respective portions of the mailing's Mail.Dat. Mailings falling into this category can use Mail.Dat versions 15-1, 17-1 or 17-2.
